

# SUBJECT INDEX

A major discussion of a topic in an essay is indicated by a boldface page number. Mention of an individual in an essay often includes reference to one or more of that person's published works. Therefore, readers doing name searches should also consult the Cited Author Index.

- 1960s most-cited articles
  - biochemistry and molecular biology **254**
  - clinical research **379**
  - physical sciences **156**
  - preclinical basic research **370**
- 1976 most-cited articles, life sciences **81**
- 1976 most-cited articles, physical sciences **115**
- 1977 most-cited articles, life sciences **528**
- 1977 most-cited articles, physical sciences **542**
- 1977-1978 most-cited authors, arts and humanities **238**
- 1978 most-cited articles, life sciences **686**
- 1978 most-cited articles, physical sciences **674**
- 1979 Nobel Prize **609**
- 20th century most-cited authors, arts and humanities **363**
