Josh: we have a ~~sub~~ sub to SCI from Ames Research Center. Did you feel that Klein might want his own personal set more closely available? I'm not sure what you would like me to pursue with him. I'd sure like to get them to buy an ASCA sub for each guy at Ames or push for it at NASA but this may be impolite for you to do. Just let me know what to push with Klein + I'll pick up the ball. * I didn't know that. Main point

② Worth at least a personal letter. Don't push too hard.

For anyone who has SCI, ASCA should seem a bargain + this is audience that ought to be sold on ASCA
