

THE AUTHOR'S WATERCOLOURS

Title 244

To return to the Moon – Soon, to sketch. To record EVA 2 Apollo 17, I still had only television.

Title 258

Van de Graaff vertical accelerator at the Weizmann Institute, Israel.

Title 26

Perhaps Dimona, Israel's secret underground atomic bomb factory in the Negev betrays something visible near a public road. (Drawn from memory)

Title 276

Suspended on stilts over the permafrost ground, the hot oil in the Trans-Alaska pipeline starts to flow south from Prudhoe Bay, 70° North.

Title 296

British infrared telescope on Mauna Kea, Hawaii, 4200 m high, in the observatory.

Title 314

At Los Alamos, the chemistry and metallurgy of Plutonium were researched in these huts, which of course I was not allowed to enter.

Title 396

At Berlin-Buch in October 2000, a Cenotaph was erected in memory of the children, victims of Nazi

Title 258
