

This index enables the reader to determine whether a specific author is included in one or more of the "most-cited" lists contained in some of the essays. Authors are listed alphabetically, along with a P or an S to indicate whether each qualified for a most-cited list as a primary or secondary author. Also given are the date, volume, and page of the essay in which the author appeared in a most-cited list. Thus, the entry

Adams P S Dec. 4, 1978 3:717

indicates that an essay published December 4, 1978 contains a most-cited list

which includes P. Adams as a secondary author. The essay appears in Vol. 3 and begins on page 717. (Volume numerals for Vol. 3 entries are in boldface.)

Readers doing name searches should also consult the Cited-Author Index and the Subject Index.
