

SUBJECT INDEX

Volumes 1, 2 & 3

Numbers following each subject entry direct the reader to the volume and then to the first page of the essay in which reference to the subject occurs. Thus, 3:608 refers the reader to page 608 in Vol. 3. (Volume numerals for Vol. 3 entries are in boldface.)

Some essays introduce reprints, which are listed in the Subject Index under their authors' names. For example

Edge, David, reprint 3:240

Mention or discussion of individuals in an

essay often includes reference to one or more of that person's published papers. Therefore, readers doing name searches should also consult the Cited-Author Index and the Index to Authors in Most-Cited Lists.
